

MPO Fiber Optic Patch Cord Polishing Equipment

Overview

MPO/MTP Polishing Fixture (Puck): A specialized holder designed to hold multiple connectors simultaneously at the correct 8° angle for APC polish. We specialize in manufacturing fiber optic polishing machines, designing polishing fixtures for various optical fiber connectors, and offering complete polishing processes and materials for all types of fiber optic connectors. MPO MTP fiber optic production line including all the main equipments for MPO cable produce including MPO polishing machine, MPO Heating Oven, MPO interface checker microscope, mpo crimping machine, mpo insertion loss and return loss machine and so on.

MPO Fiber Optic Patch Cord Polishing Equipment

MPO to LC Breakout Cable, 8/12 Fibers 40G Networks

MPO to 4 duplex LC breakout cable fan out a single 40Gbps connection from a 40GBase-SR4 QSFP+ optical transceiver module to four 10Gbps LC SFP+
