

# **Mobile Communication After the Establishment of the China Tower Company**

## Overview

---

China Tower Corp, a Beijing-based mobile communication infrastructure company that runs most of the country's telecom towers, recently announced that it had upgraded 250,000 telecom towers nationwide into "digital towers" supported by a vast network of 2. Just one year later, in 1987, Guangzhou built its first wireless base station, officially declaring. Its creation in 2014 marked a pivotal shift, consolidating tower assets to streamline infrastructure sharing and accelerate network expansion across China.
