Optical Distribution Frame

Optical Distribution Frames (ODF) provide efficient fiber optic cable management, offering high-density capacity, organized connections, and easy maintenance.

[Contact Us](#)

Fiber optic cable , Moncable

Fiber optic cables are widely used in a variety of data networks, including telecommunications and Internet core infrastructure, data centers, cable

[Contact Us](#)

Fiber Network and Data Infrastructure to Be Expanded Across Mongolia

As part of efforts to develop the Gobi region into a hub for specialized industry and green energy, the Government of Mongolia announced plans to build a data center in Umnugobi aimag and

[Contact Us](#)

Comprehensive Guide to Optical Distribution Frames

Conclusion Optical Distribution Frames (ODFs) are comprehensive solutions that can reduce costs and enhance reliability and flexibility of fiber optic networks during

[Contact Us](#)

NEW OPTIC LLC

We started our operations in Mongolia since 2004 and introduce new generation of information technology in the telecommunications sector. We are maintaining a
