Telecommunications in Morocco

While the Moroccan telecoms market remains under-saturated, its three mobile operators -- both at home and abroad -- have experienced robust growth in recent years. Meditel, which received a mobile licence in 2000, is the kingdom's first private operator, holding 36.69% of the market. While the company performed strongly last year, registering a 17% growth in client base (to 7.4m) over the first three quarters of 2008, it began to falter as consumer spending slowed, resulting in a 1% annual increase in t
