

Moxa optical module transmitter and receiver

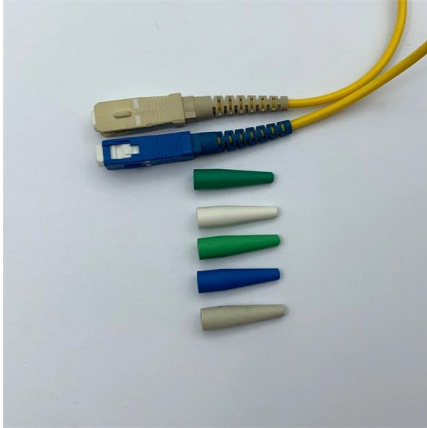

Overview

All Moxa® compatible optical transceiver modules are certified for functionality, reliability and performance under rigorous testing parameters. In this category you can find some Moxa compatible coded Gigabit Ethernet SFP modules and 10Gigabit SFP+ modules. We can offer SFP and SFP+ modules for multi-mode fiber with 850nm and for single-mode fiber with 1310nm. Moxa is a leading provider of edge connectivity, industrial computing, and network infrastructure solutions for enabling connectivity for the Industrial Internet of Things. Press space again to drop the item in its new position, or press escape to cancel.

Moxa optical module transmitter and receiver

Moxa® Compatible Optical Transceiver Modules

Buy Moxa® compatible optical transceiver modules. All Moxa® compatible transceivers are certified for functionality, reliability and performance under rigorous testing parameters.
