

# Network rack type ABC

## Overview

---

ABC Rack 15U is a durable wall-mounted rack designed to securely store your networking equipment while providing easy access and efficient cooling. ABC Racks designs, manufactures, and delivers high-quality server and data center racks. Selecting the right rack requires evaluating its height (U), depth, width, weight capacity, airflow design, power integration. Our vast selection of cabinets, thermal management, racks, enclosures for data centers, telecommunications equipment rooms, and enterprise cabling applications help optimize space, reduce energy consumption, and enhance network reliability.

## Network rack type ABC
