

New Modular Energy Storage Cabinet Procurement in Iraq

Overview

Building on pilot successes, Iraq's Ministry of Electricity launched the IRAQ-ESS-2024-01 tender in Q1 2025. Key specs include: Interestingly, the RFP mandates 30% local workforce participation - a challenge for foreign firms but a boon for job creation. Summary: Iraq's new Peak Valley Energy Storage Project tender offers unprecedented opportunities in renewable energy integration. This article breaks down technical requirements, bidding strategies, and market trends - essential reading for global energy solution providers aiming to expand in. Case in point - China Energy Engineering Corporation (CEEC) partnered with France's TotalEnergies on Iraq's 1GW Al-Ratawi solar project, combining French engineering with Iraqi labor forces.
