New Zealand Adjustable Attenuator Anti-Calling Manufacturer Direct Supply

New Zealand Adjustable Attenuator Anti-Calling Manufacturer Direct

Premium RF Attenuators for Signal Control & Quality , Powertec NZ

RF Attenuators are essential components in the field of radio frequency (RF) technology, telecommunications, and electronics. These devices are designed to reduce the power of an RF

[Contact Us](#)

RF Attenuators from RFMW

Frequencies range from 1MHz to 50GHz. Digital attenuators are available with up to 7-bits and 0.25dB steps. Please use the Attenuator search below to select your

[Contact Us](#)

Attenuators for industrial applications

Our range of industrial grade attenuators incorporates features such as rolled steel angle flanges and perforated galvanised steel facings to all linings. They can also

[Contact Us](#)

RF Variable Attenuators

Variable attenuators provide continuously or step-adjustable loss to set path gain or emulate fading while maintaining good return loss. They are used for AGC loops and test fixtures, specified by

RF Attenuators

RF Attenuators Fixed, Digital Step, Voltage Variable, & Programmable Over 400 coaxial, surface mount, and MMIC attenuator models for 50-Ohm & 75-Ohm

Noise attenuators for HVAC ducts and fan noise control

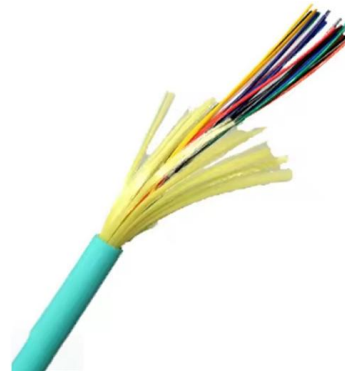

This innovative design delivers excellent low-frequency insertion loss compared to conventional attenuators, making NSP attenuators ideal for sensitive or high-specification HVAC applications.

A07-Sound Attenuator Catalogue 2024-Rev05.cdr

RECTANGULAR SOUND ATTENUATOR GENERAL
The Sound Attenuator is mainly used to reduce FCU and AHU noise to obtain the required noise level; It offers many advanced features including as

[Contact Us](#)

Noise Barrier , Acoustic Fencing , Construction Sound

We have supplied noise fences to many construction sites in New Zealand. Get advice on noise attenuation or help putting your CNVMP into practice by calling

[Contact Us](#)

Acoustic Panels , Sound Barrier , Construction Noise

We've provided comprehensive noise control solutions to customers across New Zealand and Australia and want to use this expertise to

[Contact Us](#)

Attenuators , OZ Optics Ltd.

Our attenuators are wavelength insensitive, which means they operate with minimal changes in attenuation when used in either the C-Band or the L-Band and exhibit low return loss. In addition, all
