

Om3 pigtail 12 colors

Overview

The 12 pigtailed are coloured according to colour code DIN VDE 0888 red, green, blue, yellow, white, grey, brown, violet, turquoise, black, orange and pink. The colour of the 900 μ jacket is equal to the colour of the 250 μ jacket. The pigtail combines premium zirconia ferrules and rugged composite hardware to provide the optical performance, durability, and repeatability necessary for today's network applications. DINTEK's Light-LINKS™ 12 Color Fiber Optic Pigtail Packs are used when termination is required to be made onto incoming fiber optic cables either through fusion or mechanical splicing and presentation of connectors are required to be LC or SC. Secondary and primary coating same color We carry FO pigtailed with a length of 2. All products' documentation is published in PDF (Portable Document Format), which requires Adobe Reader (ver. Though we pay utmost attention, we cannot guarantee, that published materials are free of errors and diversities.
