

Optical Flow Positioning Module Interface

Overview

An Optical Flow setup requires a downward facing camera and a downward facing distance sensor (preferably a LiDAR). These can be combined in a single product, such as the Ark Flow and Holybro H-Flo.

Optical Flow Positioning Module Interface

LiteWing PMW3901MB Optical Flow Sensor Guide

The LiteWing Flight Positioning Module uses the PMW3901MB optical flow sensor to measure horizontal motion relative to the ground. Instead of relying on GPS, this
