Optical splitter cassette type refers to the port 2.0mm / 3.0mm slip-on fiber multichannel direct output with a plastic box packaging protection and easy to use.

Optical splitter rack mount type is using metal box packaging which can be installed in 1U frame or cabinet.

Optical splitter LST box type is made by flame retardant material box or plate packaging. Mainly suitable for cable ports fiber box and wall-mounted terminal box.

Optical splitter mini type refers to the port 0.9mm slip-on fiber multichannel direct output with a compact design and easy to use.

Can anyone recommend some rugged PoE switches that are

Looking for recommendations for non-Cisco PoE access switches that can hold up to below freezing, or even subzero F temperatures. Don't need to be outdoor rated per se, will be indoors, just not a
