

Practical lifting tools for optical cables

Overview

Installation tools include some big hardware like bucket trucks, trenchers, cable pullers or plows. Many contractors do not own expensive equipment like this, finding it more cost effective to rent it as needed. Newport is a leading supplier of Optical Fiber Tools and Accessories as a companion to our fiber optics and components products. CommScope features a family of tools and components for the installation, repair and maintenance of fiber cables, including prep and termination kits.
