

Price of fiber optic cable laying and splicing

Overview

Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. These fibers are thin strands, often as small as a human hair, that transmit data as pulses of light. Idk if that's usual but the ranges are : 1-24 splices 25-72 73-144 144+ Guys that are paid similar to this scale, how much should I be getting paid per range?

Thanks I usually bill T&M, but it works out to about \$175-250 for setup/teardown per site and \$4-7 per fiber for prep in a new tray in an. This process is critical to creating a seamless and efficient fiber optic network.
