

# **Price of fusion splicing large optical cables**

## Overview

---

Full breakdown of what drives cost - fiber type, access, contractor overhead, and testing. For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Fiber Optic Fusion Splicers are advanced tools used to permanently join two optical fibers through the application of heat.

## Price of fusion splicing large optical cables
