

Price of the entire process of splicing fiber into junction boxes

Overview

Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. There are two primary methods of splicing fiber optic cables: fusion splicing and mechanical splicing. Idk if that's usual but the ranges are : 1-24 splices 25-72 73-144 144+ Guys that are paid similar to this scale, how much should I be getting paid per range?

Thanks I usually bill T&M, but it works out to about \$175-250 for.

Price of the entire process of splicing fiber into junction boxes

How much does it cost to splice fiber?

The cost of splicing fiber optic cables can vary significantly based on several factors, including the type of splice, the equipment used, the location of the job, and the
