

# **Rack-mounted lithium battery cabinet 380V used for edge computing**

## Overview

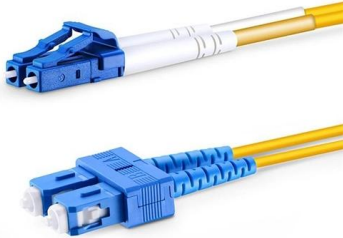

---

Featuring compact design, fast charging, long lifespan, and integrated BMS, these rack-mounted lithium batteries ensure uninterrupted power, maximize uptime, and optimize space. They are ideal for critical IT infrastructure that demands efficiency, scalability, and. Rack-mounted LiFePO<sub>4</sub> batteries offer a compact, scalable solution engineered specifically for these demands. EverExceed can provide customers with battery Rack, indoor cabinets and outdoor air conditioning cabinets for lithium batteries, which are widely used in telecommunications, solar, UPS application, radio and television, monitoring stations, electricity, energy, transportation, security, power. SCU continues to pursue breakthroughs in battery performance, to put lithium batteries with larger capacity, higher security, smaller volume and longer service life into 19 inch lithium battery rack, fully integrating excellent performance with small and flexible features, and having absolute.

## Rack-mounted lithium battery cabinet 380V used for edge computing
