

# Recommended Price for Distribution Box Guardrail

## Product Wiring Diagram

## Overview

---

Materials: pressure-treated lumber; Labor: 12 hours; Per-foot costs, roughly \$25; Total: around \$1,200-\$2,000. Guard rails are an essential safety component of any warehouse or industrial facility. They enable the creation of intelligent traffic patterns, provide employees with safe walkways, and absorb accidental impacts from forklifts. Create safe walkways and protect your assets from costly damage with robust railing and guardrail solutions, offering maximum and permanent protection. Posts - 4" square, 1/4" thick steel posts support single, double or triple rails.
