Optical splitter cassette type refers to the port 2.0mm / 2.2mm clip-on fiber multichannel direct output with a plastic box packaging protection and easy to use.

Optical splitter rack mount type is using metal box packaging which can be installed in 1U" frame or cabinet.

Optical splitter LSA box type is made by flame retardant material box or plate packaging. Handy suitable for cable process fiber box and well-organized terminal box.

Optical splitter mini type refers to the port 0.9mm clip-on fiber multichannel direct output with a compact design and easy to use.

Custom Uninterruptible Power Supply Solutions in Burkina Faso:

Burkina Faso faces frequent power outages - imagine a hospital losing electricity during surgery or a factory halting production mid-shift. Custom uninterruptible power supply (UPS) systems act like an
