

Senegal Optical Cable Terminal Box 2 Cores

Overview

The 2 port surface mount fiber enclosure serves as termination point designed to joint drop cable and pigtail in home or office for wall mout or suface mount installation. Access Terminal Box, also known as a fiber optic wall outlet or fiber wall socket, is a critical component of modern optical networks. Of Adapters & Splitters The telecommunication network, metropolitan area network, optical fiber communication system. FTTH Box Our terminal box is available for the distribution and terminal connection for various kinds of optical fiber system, especially suitable for mini-network terminal distribution, in which the optical cables, patch cores or pigtails are connected.
