

# **Singapore Micro-Module Data Center Pricing**

## Overview

---

Singapore has the highest rental rates in the world, at US\$300 to US\$400 per month for a 250- to 500-kilowatt (kW) requirement, reports CBRE in its latest global data center trends report. Our 2026 report provides a comprehensive analysis of both land purchase and data centre construction costs to assist data centre operators, developers, investors and lenders looking to better understand the sector's capital requirements. A faster, smarter, and more predictable way to deploy modular data centres anywhere. Deploy the compute capacity you need — where you need it — with factory-built quality, faster installation, and predictable performance. Global Singapore Micro Module Data Center Solutions Market Size, Strategic Opportunities & Forecast (2026-2033) Market size (2024): USD 5. It uses racks as the datacenter carrier and fully integrates all sub-systems including UPSs, cooling, power distribution, lightning protection, fire control (optional), wiring, airflow management, intelligent.
