

# Single-mode fiber optic model 4a1b

190X95X25mm

## Overview

---

The GYXTW 4A1B model with an armored design provides exceptional safety and strength to the fiber optic system. Its rugged construction enhances performance in hazardous or challenging environments. Necero always commits itself to the provision of the most advanced ultra-high-speed optical fiber network service for Chinese customers at competitive pricing, and meanwhile, cultivate top-ranking talents and grows up together with China. Our comprehensive fiber ecosystems are built for all the ways fiber moves our world. Collaborating with trusted manufacturers like Turkuaz Kablo, ETK Kablo, HES Kablo, HCS Kablo, Corning, Prismian, Hasçelik, and SAMM Kablo, we provide Single.

## Optical Fiber Types

ITU G.653 Covers single-mode dispersion-shifted optical fiber. Dispersion is minimized in the 1,550-nm wavelength range. At this range attenuation is also minimized, so longer distance cables are possible.
