

# **Supply Information for Multi-hole Double-layer Cable Trays**

## Supply Information for Multi-hole Double-layer Cable Trays

---

### Guide to cable support systems

The mesh cable trays are suitable for the installation of power cables and cables in various areas of application. The grid spacings mean that cables can be inserted and run out in various directions.

#### Why Choose Us

- 20 Years of OEM/ODM**  
20 Year history manufacturing experience.
- Professional R & D team**  
10 years experience in OEM/ODM electronic engineer.
- Fully Certified**  
Our are certified CE, FCC, RoHS, ISO9001, ISO14001.
- Timely Delivery**  
27 production lines, 500+ employees. Timely delivery guaranteed.
- Quality Assurance**  
Professional QC team with full process inspection.
- After-sales service**  
After-Sales Service for Customer Satisfaction.

### Many Cables on Perforated trays

For a large installation, there are many distribution circuits - submains - going to DBs and MCCs from main switchboards. In this case, you might have to install many cables on perforated

[Contact Us](#)

Cable trays are components of support systems for power and communications cables and wires. A cable tray system supports and protects both power and
