

Swedish Fiber Optic Enterprise Router 40G

Overview

Supporting 40km transmission over single-mode fiber with 4 CWDM wavelengths (1271/1291/1311/1331nm), this high-performance module delivers impressive 19 dB link budget at speeds up to 44. - ENThe Cisco ® 40GBASE QSFP (Quad Small Form-Factor Pluggable) portfolio offers customers a wide variety of high-density and low-power 40 Gigabit Ethernet connectivity options for data center, high-performance computing 00networks, enterprise core and distribution layers, and service provider. Each channel can: This quad-channel design gives data center switches and routers a higher port density.
