

Techniques for using universal cable tray bends

Overview

This guide explains how to make 90° bends, vertical bends, tees, and offsets in wire mesh cable trays safely and professionally. You can buy a manufactured 90 degree bend or make one on a cable tray bending machine but in this video I show you h. Students training aid for bending 20 mm Steel (metal) Conduit to produce a 90 degree bend to the correct measurement. Since the jaws of the bolt cutter drags a layer of zinc across the cut end and forms a protective layer.
