

FRINDEL OPTICS

Type 21 Distribution Box

Overview

The Fulleto XL-21 series is an indoor, floor-standing power distribution cabinet engineered for excellence. Cabinet front door installed ammeter, voltmeter and the signal lamp, button, selector switch and other components. The main distribution box adopts self-design of new components, compact structure, beautiful appearance, easy maintenance, a variety of wiring options for users to choose, it is an. Standard Type (P Type): This version has a cabinet height of 1700mm or 1800mm and is designed for independent installation. XL-21 floor-type low voltage power distribution switchgear Production description The XL low-voltage distribution box is suitable for power users such as power plants, substations, industrial and mining enterprises, and highway tunnels.
