

# **UK LED Explosion-Proof Lighting Distribution Box**

## Overview

---

The ATEX 4 way Distribution box to provide power supply in a ATEX area 110v 16a is a fully compliant, intrinsically safe luminaire designed for use in potentially explosive atmospheres, ensuring safety and reliability during critical operations. CEAG supplies lighting solutions, control products and accessories from its UK factory to customers around the world. STAHL supplies explosion-proof lighting for almost any application: General lighting, floodlights, compact lights, hand lamps or emergency lighting systems. Welcome to Petrel, an industry leader in UK Hazardous Area Lighting, operating within the. We have a great selection of lighting Zone 1 & Zone 2 ATEX explosion-proof LED luminaires, suitable for hazardous environments.
