

# **What type of hanger is best for cable trays**

## Overview

---

Cable Tray Supports: These include trapeze hangers, center-span supports, and wall brackets that anchor the entire system to the building structure (ceiling, wall, or floor). When developing our cable support OBO can offer reliable solutions for systems, three attributes are at the routing and fastening cables securely core of what we do: efficiency, resili- for each of these installation challeng-ience and safety. To avoid the weight hanging or structural collapse, the weight should be supported in a balanced manner with the spacing of support normally 1. This publication is intended as a practical guide for the proper and safe\* installation of cable ladder systems, cable tray systems, channel support systems and associated supports. Wire mesh basket trays are an excellent option for a flexible and efficient cable management system.
