

Where to buy a box-type beam splitter

Where to buy a box-type beam splitter

Optical Beamsplitters , Polarising & Non-Polarising

We offer custom plate and cube optical beamsplitters, either polarising or non-polarising beam splitters, designed to split light into two beams.

Beam splitter , Description, Example & Application

A beam splitter is an optical device that splits a single beam of light into two or more beams. It is commonly used in scientific and industrial applications.
