

XPO test light source power meter

Overview

Full-featured duplex and multi-fiber power meter and light source with the industry's fastest test speeds. EXFO's FiberBasix 50 series meets your basic day-to-day test requirements while helping you stay within budget. It enables measurement of loss, length and polarity—all in just 1 second—in compliance with certification standards for single or multimode fibers. The PXM/LXM combo is an MPO tester designed to efficiently qualify a large number of MPO links.

XPO test light source power meter

Optical Power meters

FOT-930 MaxTester o Combines a light source, a power meter, a visual fault locator, a full-duplex digital talk set & a video fiber inspection probe
